

DEMOCRATS IN FLURRY TODAY

Try To Slip One Over On The Few Republicans
In Legislature, But Fail.

ARE AFTER STEPHENSON'S SCALP

Want Their Measure That, His, Primary Expenses Be
Investigated Into, Be Heard Before The
Election Takes Place.

(SPECIAL TO THE GAZETTE.)
Madison, Wis., Jan. 19.—The democrats in the Wisconsin legislature today charged the republicans with using every trick and device to prevent a consideration of the democratic measure to investigate the alleged mismanagement of the primary expenses of Senator Stephenson in getting his re-election in the last republican primary.
Speeches in the senate by Senator Harding and Senator Malone and in the assembly by Messrs. Hutton and Kahler were of the red fire order, but no decisive vote was taken in either house as the senate had no quorum and in the assembly Speaker Hancock ruled a motion for immediate consideration of the Stephenson investigation resolution out of order.
He stated this was done because the absent members would not be considered in the vote on the resolution. The democrats are fighting to get in action on the Stephenson matter prior to his election next week.
It is considered doubtful if the democrats could muster enough strength to pass a vote for reconsideration even if the full membership of the lower house was present. The plan to block all attempts at investigation until after the election have been most successfully made and will probably be carried out on a strict party vote. In the senate it is certain that not

The first ballot in the senate was Hopkins 25, Ross 10, Stricker 10, Mason 2. A republican caucus has been called for this evening.

FIRE MARSHAL MADE A HAUL IN BELOIT

Fire Marshal Purcell and Deputy Sommers Arrested Youth in Line City
for Arson in Whitewater.

Fire Marshal Thomas Purcell of Madison and Deputy Sommers brought A. D. Gleason, a youth aged twenty, to the local police station for safe-keeping this morning from Beloit, where they had arrested him on the charge of arson of buildings in Whitewater last November.
On the fourth of last November a warehouse belonging to the Doyan & Haynes Lumber Co. at Whitewater was partially burned by a fire which originated from waste, from the lighted and placed under the all of the door. At ten-thirty on November 28 a second fire in the same yard, but in another warehouse, was discovered started at 3 A. M. a third fire, in a storehouse, was discovered in time to prevent a serious conflagration.
The similarity of all these fires led to an investigation which resulted in the arrest of young Gleason this morning in Beloit, where he was visiting. After being questioned closely he admitted having set the fire on November 28 to the Doyan company's warehouse.
He implicated his brother as the real instigator of the crime and said that he had not the two other fires. It appears that the Gleasons live near the yard and that young Gleason had been arrested for stealing wood from it a year ago, but later released.
His brother, Oliver Gleason, is married and lives in Whitewater and the two officers left on the afternoon train to secure his arrest. The two will then be taken to Elkhorn for a conference with the district attorney of Winnebago County.
Both Fire Marshal Purcell and his assistants have been very busy night and day investigating fires throughout the state and as a result of their work many arrests and convictions have been made. Also insurance rates have been adjusted more easily and

TRUNK LINE HAS THREATENED WAR

ON FREIGHT RATES WITH NEW
YORK RAILROAD.

THE POSITION, PREJUDICIAL

Which It Must Assume Under the
Present Arrangement—Have to
Complete with Lower Rates.

(SPECIAL TO THE GAZETTE.)
New York, Jan. 19.—Much interest is manifested in railroad circles in today's meeting of the executive committee of the Trunk Line Railroad association to consider the question of the differential lower freight rates made by agreement between the New York, New Haven & Hartford Railroad Company and the Canadian Pacific. The subject has a very important bearing upon the whole question of freight rates to the west, and to be referred to higher authorities than the executive committee of the trunk line.
The New Haven's position is that under the arrangement established some fifteen years ago, by which it was given no differential, it has been placed in a position prejudicial to its interests. It is claimed that it has practically to compete with the lower differential freight rates already established north of the Boston & Albany line, inclusive. In addition, its interests are affected by lower differential rates on steamboat lines to the southward of New York and elsewhere connecting with Southern trunk lines, which have thus an undue advantage, particularly to points in the Southwest. In the same line of disadvantage to the New Haven company, as is claimed, are the differential rates existing over the combined lake and rail routes to the west, lasting for seven months in the year.
The New Haven route is also understood to claim that a number of the differential rates including the Southern steamship lines and the Grand Trunk have no freight originating at New York actually a considerable advantage in time as compared with its own Canadian Pacific freight westward, which is transferred to the Canadian Pacific at Newport, Vt. Practically the general claim of the New Haven is that under the competition of the trunk lines it has been placed over practically all its southern New England territory at an unjust advantage in high freight rates at the same time that the Grand Trunk has been allowed to penetrate its territory under the low differential and reach the seaboard at New London, Ct. This it is asserted is not only an injury to its interests, but also to those of its shippers. It is understood that far the companies against the New Haven now differential have come mainly from the New England territory and New York connections with Southern trunk systems and that from that direction have come threats of cutting the westward freight rates unless the matter is readjusted.

(SPECIAL TO THE GAZETTE.)

Reports were made by President Rooney and former President Elliott that the Wisconsin-Illinois league after was to be operated in connection with the electric railway lines in eastern Wisconsin and northern Illinois and that it would be useless for any city not located upon them to hope to remain permanently a member of the organization. They also reported that, if the effort to remove the clubs off the electric roads had failed this year, it would have been carried through next year and that the clubs not affiliated with electric roads might as well quit now as later. It was further decided to go ahead with the plan for the organization of a new league in western Wisconsin and eastern Minnesota. Duluth has been promoting a plan to that end for some time and delegates were appointed to confer with representatives of that club and others.

DECISION GIVEN IN CARCOMPANY'S FAVOR

Railway Commission Did Not Grant
Petition of La Crosse Residents
For Restoration of Tracks.

(SPECIAL TO THE GAZETTE.)
La Crosse, Wis., Jan. 19.—The decision of the state railway commission refusing to take jurisdiction in the matter of the petition, asking that the La Crosse City Railway company be required to restore its line on Market street, ends a long controversy, in which a large number of Catholic residents, particularly those living north of that street, have been attempting to compel better service to the Catholic cemetery. A year ago the commission permitted the company to take up part of its Market street line on condition that it put in a new line on Main street. Twenty-third street, and since then a large section of the city has been busy with court injunctions, fights in the council and appeals to the commission to compel the restoration of the line. The decision of yesterday effectively ends the affair in favor of the company.

Face as he Entered Englewood
Station.

(SPECIAL TO THE GAZETTE.)
Beloit, Wis., Jan. 19.—Harry White, a fifteen year old boy, was held up Saturday night at Englewood, a station on the Interurban line about four miles north of Beloit, at the point of a revolver and robbed of \$3 in cash. The boy was going to Beloit and went down to the station to flag the car. When he stepped into the waiting room he heard a heavy step and noticed an evil-looking man—standing there. When the boy turned his back the man pulled a revolver on him and told him to hand over his money. The young man was so scared that he handed over everything that he had in his pockets and got away by only three rolls of money, which was jumping into waiting for him, and drove away. No clue as to who committed the deed was left. Six boys were arrested this morning for stealing coal along the railroad tracks and were brought to trial in court this afternoon.

CIRCUIT COURT TO ADJOURN TOMORROW

Out of Respect to the Late Collin Wright of Monroe, Whose Funeral Will Be Held Wednesday.

As a tribute to the memory of Collin Wright, the honored lawyer who died yesterday at his home in Monroe, no court is to be held tomorrow afternoon in Rock county, and the judges and members of the bar will leave for Monroe to be present at the obsequies.

This court was this afternoon occupied with the case of Edward H. Ryan vs. John C. Lynch et al. O. A. Connelley and C. E. Moore appeared for the plaintiff and Reger & Reger for the defendants.

In the matter of the action of partition proffered by Wealthy Stockwell against John Hight et al., the case was, by the consent of both parties, continued to a time to be agreed upon by them.

In the matter of the C. M. & St. P. railway against the City of Janesville, briefs are to be filed some time before the end of the week.

Divorces were granted in the following cases: Joseph A. Armstrong vs. Marjorie Armstrong, desertion of the grounds; Ethel Kerwin vs. William Kerwin, cruel and inhuman treatment charged; Grace A. Lambie vs. Charles T. Lambie, cruelty charged; Edna C. Gray vs. David L. Gray, cruelty the grounds. Each of the Lambies had previously been divorced from other spouses. In the case of the Grays the couple had been married to each other twice. The first time was on July 16, 1890. Later they were divorced and married other spouses. Mr. Gray's new wife then died and his former wife divorced her new husband, whereupon the original couple remarried each other on Dec. 15, 1907. Judge Graham again granted them divorces this morning, concluding, or at least continuing, a curious series of complicated matrimonial experiences.

The Yankins went out over the footlights at handball last night. The Hollmans' record is now 14 to 12 and the Mooligans' is 8 to 4.

The Business Men's League in the afternoon presented their basketball team upon the field again and H. H. Blues' men defeated L. Wilcox's by a score of 10 to 9. Thereupon L. Wilcox's men vanquished S. Lovejoy's by 5 to 4.

Next Friday night the local Y. M. C. A.'s first basketball team is to receive upon its home field the Waterloo All-Stars team at eight o'clock and compute keenly for a victory that will be hard won. Two games are to be played—the first to be a preliminary game between the Business Men's five and the Senior five.

Just received a car of well known

QUAIL BRAND NAVEL ORANGES

direct from Southern California. This is the fifth car received this year, but up to now they have not been up to standard, being the early pickings and were somewhat green.

The Quail brand Navel is a thin skinned, sweet juicy orange of high color and a more delicious orange it is hard to find. Right now they are at their best.

Last year these oranges were great favorites, 25 carloads having been sold in Janesville.

The value of fruit as a food is hard to realize. It is a food prepared by nature and served without in any way being diluted or tampered with. Oranges especially are pure food as they furnish gastric juices to the system so much needed.

These delicious Quail brand oranges should be a part of your daily meals, especially your breakfast.

For sale now at all grocers and fruit dealers.

POOR FEED

is high at any price. If you don't get results from the feed you buy you are playing a losing game. Whether you feed horses, dairy cows or chickens, it is the RESULTS obtained with that feed that make you money.

You can't expect dairy cows to produce the most milk and test the highest in butter fat on corn and cob meal, or clear ground barley. PROTEIN is lacking in both of these feeds and must be supplied. The following used in connection with either corn or barley meal will give you a balanced feed.

Old process oil meal, 34% protein, \$1.75 per 100.

Alfalfa Meal, 18% protein, \$1.30 per cwt.

Bran, 15% protein, \$1.25 per 100.

Sell part of your corn and barley and get a feed that will produce a large flow of milk and have a high test.

Oklahoma Governor Has Agent of Hearst Arrested.

DATA FOR LIBEL SUIT SEIZED

Scott MacReynolds is Accused of Conspiracy to Defame, and Executive Says Others Will Have to Square Themselves with Justice.

Guthrie, Okla., Jan. 18.—Gov. Haskell struck a hard, swift blow at some of his adversaries last night by causing the arrest of Scott MacReynolds, an attorney and special agent for W. R. Hearst. The warrant, sworn out by the governor, charges MacReynolds with conspiracy to defame him.

Under a search warrant, also sworn to by Gov. Haskell, MacReynolds' rooms at the lone hotel were searched by Sheriff John Mahoney and Orville T. Smith, private attorney to the governor, and a large amount of data and papers seized pertaining to the \$300,000 libel suit instituted by Haskell against Mr. Hearst.

MacReynolds immediately demanded of the county court through his counsel, Judge John H. Burford, the whereabouts of his papers. They were found in the private office of the governor and taken by Sheriff Mahoney at the court's orders.

Says Haskell Wanted His Data.
MacReynolds had collected a vast amount of data, all secured in confidence. In a statement made last

Walton Pyre.
"In all his selections yesterday afternoon, Mr. Pyre's work was marked by a pleasant naturalness and absence of affectation. He has a well rounded, sympathetic voice which is equally effective in pathos, tender sentiment, and in powerful outbursts which make heavy demands upon it. In the classic tragedy of Francesco da Rimini the characterization of Lancelotto, the deformed hero, Paolo, his handsome brother, and Pepe, the court jester, were distinct and were well executed. Mr. Pyre's recitation of Dr. Johnson's French-Canadian poem was exquisite."

night, he declared that Gov. Haskell's purpose in obtaining his arrest and the seizure of his papers was to obtain possession of this information to ascertain its importance and to learn from whom he had obtained it.

Gov. Haskell in explanation of MacReynolds' arrest, said:

"Yes, sir, I have sworn out a warrant for the arrest of Mr. S. MacReynolds, said to be from Brooklyn, N. Y., representing Mr. Hearst."

Mr. MacReynolds has been in the state almost constantly, for nearly three months, at times assisted by one or two other men from the east, and by a certain person from Ohio and three or four people of our own state. Offered to buy lies, says Governor.

"I paid no attention to them until recently, when I learned that they were disappointed at not finding anything truthful to use against me, whereupon they became apparently desperate and began offering large sums of money to persons to aid in manufacturing false statements. In

several instances I am reliably advised they have used the expression 'We have the money and are willing to give it to you if you will help us.' It is not I alone, but there are other interested parties in the conspiracy and with the main purpose of injuring me they combined their efforts."

"I have nothing further to add except that the arrest of Mr. MacReynolds is only the beginning, and other conspirators will have the same opportunity to square themselves with a jury of honest people."

ELIHU ROOT SELECTED TO WEAR PLATT'S TOGA
New York Republican Legislators Unanimously Choose Secretary of State for Senator.

Albany, N. Y., Jan. 18.—Republican members of the legislature met in caucus last night and unanimously selected Elihu Root, at present secretary of state, to succeed Thomas C. Platt on March 4 as United States senator.

The Democratic caucus nominated former Lieut. Gov. Lewis Stuyvesant Chamber of Dutchess, who was the Democratic candidate for governor at the November election.

Mr. Root's nomination is equivalent to an election, as the legislature is overwhelmingly Republican. Today at noon the senate and assembly met and formally nominated the candidates named at last night's caucuses, and to-morrow at noon both houses will meet jointly and declare Secretary Root elected for a term of six years.

Guthrie, Okla., Jan. 18.—United States Senator Thomas P. Gore will be re-elected at a joint session of the legislature to-morrow by a straight party vote. The entire Republican minority vote will be cast for Dennis T. Flynn of Oklahoma City.

Des Moines, Ia., Jan. 18.—Without the formality of party caucuses, the Iowa legislature today elected Albert G. Cunniff United States senator for a full term beginning March 4. He is now filling out the unexpired term of the late Senator Allison.

REFUGEES IN PITIFUL STATE
Cold Weather and Snow Add to Their Distress—American Relief Committee Is Dissolved—Steamer Barbarossa Reaches Italy with Supplies.

Messina, Jan. 18.—Great alarm was caused yesterday afternoon by a severe earthquake shock that toppled over many of the shattered walls in the city but, so far as reported, resulted in no fatalities. The seismic movement was undulatory.

The situation for the refugees still here is very serious. They have found shelter in tents, but for the last day or two a cold north wind has prevailed and there has been a fall of snow, a very rare occurrence on the Sicilian coast.

American Committee Dissolves.
Rome, Jan. 18.—The American relief committee, which was organized for the purpose of directing the American charities in connection with the earthquake sufferers, has been dissolved. The committee met yesterday, Ambassador Griscom presiding, and decided that the purpose for which it had been appointed had been accomplished—the giving of immediate foreign aid where aid was most urgently needed. The Italian authorities have now everything well in hand and the American committee was unanimously of the opinion that it would be better to withdraw than to continue as a body indefinitely.

While the committee will cease to take active part in the direction of the relief work, the individual members will lend their efforts to the securing of further contributions, as there is still much need of assistance. Another Cargo of Supplies.

Naples, Jan. 18.—The North German Lloyd steamer Barbarossa arrived here yesterday from New York with large relief supplies on board, including 400 sacks of flour and numerous cases of sausages and clothing. The supply was turned over by the American commission to the Neapolitan committee.

Red Cross Fund Over \$900,000.
Washington, Jan. 18.—The Italian relief fund of the American Red Cross society has passed the \$900,000 mark, \$2,000 being the total of yesterday's contributions. Of this amount \$200,000 came from the New York state branch, \$12,000 from the Missouri branch, and California's branch sent its regular daily \$10,000 remittance.

The Red Cross received from the Christian Herald \$5,000 for the fund, for the widows and orphans in the earthquake districts. This was sent to Baron Mayor Des Planches, the Italian ambassador, who transmitted it to Queen Helena of Italy, who will manage the fund.

ASKS SQUARE DEAL FOR JAPAN.
President Addresses Methodist African Diamond Jubilee Meeting.

Washington, Jan. 18.—Introduced by Bishop Cranston as the "Apostle of the Square Deal," President Roosevelt, in an address last night at the African Diamond Jubilee mass meeting held in the Metropolitan Memorial Methodist Episcopal church, which the late President McKinley attended, declared that he would not come before a Methodist gathering if he had not attempted to give the square deal.

REFUGEES IN PITIFUL STATE

Cold Weather and Snow Add to Their Distress—American Relief Committee Is Dissolved—Steamer Barbarossa Reaches Italy with Supplies.

Messina, Jan. 18.—Great alarm was caused yesterday afternoon by a severe earthquake shock that toppled over many of the shattered walls in the city but, so far as reported, resulted in no fatalities. The seismic movement was undulatory.

The situation for the refugees still here is very serious. They have found shelter in tents, but for the last day or two a cold north wind has prevailed and there has been a fall of snow, a very rare occurrence on the Sicilian coast.

American Committee Dissolves.
Rome, Jan. 18.—The American relief committee, which was organized for the purpose of directing the American charities in connection with the earthquake sufferers, has been dissolved. The committee met yesterday, Ambassador Griscom presiding, and decided that the purpose for which it had been appointed had been accomplished—the giving of immediate foreign aid where aid was most urgently needed. The Italian authorities have now everything well in hand and the American committee was unanimously of the opinion that it would be better to withdraw than to continue as a body indefinitely.

While the committee will cease to take active part in the direction of the relief work, the individual members will lend their efforts to the securing of further contributions, as there is still much need of assistance. Another Cargo of Supplies.

Naples, Jan. 18.—The North German Lloyd steamer Barbarossa arrived here yesterday from New York with large relief supplies on board, including 400 sacks of flour and numerous cases of sausages and clothing. The supply was turned over by the American commission to the Neapolitan committee.

I will use it to that in doing this our own citizens are protected. I am not a sentimentalist. I am not afraid of invoking the 'big stick' whenever it may be necessary. Our national government has reached an agreement with Japan by which there can be a satisfactory solution to every question which may be at issue between the United States and Japan."

LUTHER LAFLIN MILLS DIES.
Apoplexy Is Fatal to Well-Known Chicago Lawyer.

Chicago, Jan. 18.—Luther Laflin Mills, for many years one of Chicago's most successful lawyers, died suddenly last night at his residence, 1800 Graceland avenue, as the result of a stroke of apoplexy. He was 61 years old.

The career of Mr. Mills has been filled with honors. He had been in the continuous practice of his profession in Chicago since 1872. He was elected twice on the Republican ticket as state's attorney of Cook county, and became widely known as a brilliant orator. He was a Royal Arch Mason and member of Apollo commandery. A widow, one son and two daughters survive him.

He has decided to fill this vacancy by recommending the candidates standing highest in a competitive examination. The age limit for candidates is 16 to 20 years, inclusive.

CARY ENTERS RACE FOR RENOMINATION

Present Superintendent of Public In-
struction Would Succeed
Himself.

With the announcement that C. P. Cary, present superintendent of public instruction had announced himself as a candidate to succeed himself the race becomes a four-cornered one. F. Wood of Southville, who resigned as state rural school inspector to become a candidate, city superintendent J. T. Hooper of Ashland, and W. C. J. Thompson of Oakdale being the other three. It promises to be a hotly contested race. There was some talk of H. C. Howell or Chas. Hemmingsway also becoming a candidate, making it five cornered, but the local men, it is understood, have both refused to consider the proposition.
